

BELL NUNNALLY ADDS CORPORATE ATTORNEY JAROD MOSS AS PARTNER

June 30, 2025

Moss Returns After Serving as GC at JBB Advanced Technologies

Jarod T. Moss has re-joined Bell Nunnally as partner and member of its Corporate and Securities, Mergers and Acquisitions and Commercial Finance practices. He returns to the firm from JBB Advanced Technologies, where he served as general counsel.

"We heartily welcome Jarod back to Bell Nunnally," said Partner Andrew Dowdy, head of the transactional section. "In his time with the firm previously, Jarod was instrumental in some of our most significant and highest-value deals, and his in-house experience both sharpened his legal skills and provided him with a 360-degree perspective on running a rapidly expanding tech business – vital assets for delivering client successes."

"Bell Nunnally has proved to be a great fit in terms of a platform for my practice and goals," said Moss. "The firm's mix of clients across numerous industries – including health care, technology and securities – provides continuous learning and offers me perspective in guiding clients and their general counsel through strategic plans and decisions."

Moss' experience spans all areas of corporate law, including mergers and acquisitions, securities offerings and general corporate advice. He represents issuers and underwriters in public and private securities transactions, including public and private equity and debt offerings. Moss also represents sellers and buyers in both asset and equity acquisitions.

Prior to joining Bell Nunnally initially in 2020, Moss provided consulting and advisory services to health care providers following work in-house with AmeriPath, Inc. and United Surgical Partners International, Inc. – stints that give him unique insight to the challenges and opportunities in the health care sector. Moss also founded and served as CEO of Dallas-based Devex Software Company, building apps for health care companies.

Moss is a graduate of Southern Methodist University's Dedman School of Law (J.D., *magna cum laude*, 1998) and the University of Texas at Austin (B.S., 1995).
