BELL NUNNALLY REPRESENTS RYAN IN ACQUISITION OF MARVIN F. POER AND COMPANY

March 02, 2022

Bell Nunnally represented Dallas-based global tax services and software provider Ryan, LLC in its recent acquisition of Marvin F. Poer and Company ("Poer"), the second-largest property tax consulting firm in the United States.

Founded in 1964 and based in Dallas, Poer is the oldest continuously operating property tax consulting firm in the country. The acquisition of Poer adds 186 team members and 12 locations to Ryan's existing Property Tax practice, providing more national coverage in jurisdictions throughout the country.

"The combination of the two largest and most prominent property tax practices in the United States cements Ryan as the leader in property tax consulting services across the country," said Ryan Chairman and CEO G. Brint Ryan in a press release announcing the acquisition. "Clients of both firms will benefit from the deep expertise, expanded market coverage, and cutting-edge technology of the combined business. Ryan is now even more well-positioned to continue our mission of becoming the number-one global brand in tax."

The Bell Nunnally deal team was comprised of Partner Larry L. Shosid and Associate Khaki A. Scrivner.
