Chambers USA ranking tables are compiled through assessment of a firm’s work and opinions from external market sources, with an emphasis on client feedback. Firms and lawyers need to demonstrate “sustained excellence” to be ranked.

Chambers and Partners’ professional researchers conduct extensive client interviews to make their selections, assessing practices for: technical legal ability; client service; depth of firm teams; commercial vision and business understanding demonstrated; diligence and attention to detail; and value for money. Individual attorneys are vetted for their knowledge and experience, ability, effectiveness and client service.

Chambers interviewees on individual attorneys commented:

ALANA ACKELS – “Alana is excellent subject matter expert, is always responsive and tailors her solutions to the business needs of the client.”

TREY DeLOACH – “Trey provides expedient service, is very knowledgeable given his background and provides a personal touch with frequent check-ins.”

KARTIK SINGAPURA – “Kartik is an excellent litigator and a skilled negotiator.”

CHRISTOPHER TROWBRIDGE – “Christopher Trowbridge is superb. He is a very good lawyer.”
