

# BELL NUNNALLY'S HEATH CHEEK AND MASON JONES ON BLOOMBERG LAW DETAIL "WHY COMPANIES SHOULD WATCH ANTI-ESG LITIGATION"

October 17, 2022

**Bell Nunnally Partner R. Heath Cheek and Associate Mason G. Jones authored the *Bloomberg Law* article "Why Companies Should Watch Anti-ESG Litigation." The piece explores a push-pull dynamic between companies implementing Environmental Social Governance (ESG) policies and state legislatures, such as Texas, pushing back on these provisions through so-called "anti-ESG" measures – regulations intended to shield potentially vulnerable industries from negative ESG disinvestment impacts.**

Cheek and Jones detail how in Texas they litigated one of the first ever disputes to arise out of anti-ESG efforts, explore how anti-ESG regulations work in practice and look at litigation risks a company with an ESG policy may face.
