DAVID HAS A DEEP PASSION FOR INTELLECTUAL PROPERTY SPARKED BY A LOVE FOR MATH AND SCIENCE. HE AIMS TO EARN EACH CLIENT'S TRUST THROUGH A COMBINATION OF LEGAL ACUMEN AND PROFESSIONAL INTEGRITY.

David prepares and prosecutes domestic and international patent applications in a variety of technical areas, including computer hardware and software, telecommunications, HVAC systems, semiconductor devices and fabrications, robotics and appliances. He also vigorously protects clients' interests in patent litigation matters covering a wide variety of technologies. In addition, he handles a range of transactional matters, including corporate and real estate.

Prior to his legal career, David worked as a project engineer for a railcar manufacturer, a role that developed his keen drive to find elegant solutions to problems both large and small.
